

# European CF Big-way Training 2022 @ Hungriger Wolf

## Bulletin 2 - Information

### The camp will take place July 6<sup>th</sup> through 10<sup>th</sup> as scheduled

On the 6<sup>th</sup> we will start doing the registration of everybody and determine everyone's exact exit weight. Please take care that you all bring your licences, parachute papers and insurance valid for jumping in Germany. It has to cover 1.500.000 € third party damage. And don't forget your weights if necessary.

Hopefully around noon we can start jumping with those who are checked in.

What are our goals for this camp?

First of all we want everyone to get current again. We will be flying diamond formations only, mostly 4-ways for the beginners and 9/8-ways for the more experienced and also 16-ways. It is more efficient to fly multiple formations with run backs get more routine. If possible we will fly some 25-ways during the weekend if we can get a second plane.

Also we want to improve the technique flying in the echelon using as little space as possible, finding our proper set up position for the final approach and dock on the first attempt. That will enable us to save time during the built of our record formation.

Another focus will be to get rid of old habits. Many of us have developed a certain way to fly over the years. That way is not always the most efficient. So everyone has to be willing to change habits if necessary to adopt the technique that we want to use in our bigger formations. Of course it is not always easy to learn a new thing but if we stick to old fashioned ways of flying we will not improve to the level of skill that we need for the big one.

This year we are aiming for a 36-way in September and if things improve as they should a 49-way next year.

So be prepared and willing to do what I takes!

**Attention! Don't forget:**
